**Old Business:**

Leigh Welch provided an update on the City of Rock Hill ADA Transition team's progress: Project Team members continue to address facility needs and budget requests were submitted for funding for the new Budget year. Sidewalk repairs were completed in April 2023 in the downtown area. A new email address has been created to contact the City's ADA Coordinator [asacoordinator@cityofrockhill.com](mailto:asacoordinator@cityofrockhill.com)

**New Business:**

Miracle League Update: Another successful season is complete. There were four youth and 4 adult teams. There will be new changes to the program in the fall. Beginning in September the adult teams will play on Wednesday evenings and the youth teams will continue to play on Saturday mornings. These changes were made to accommodate large growth each season in the youth league.

Camp Arc and Kinder Arc both have registration available online this year. We expect to have a great summer. We are working hard to try to acquire enough staff to be able to hold the residential session at Bethelwoods this year.

The volunteer Dinner will be held on May 16 at the large team room at the Rock Hill Sports and Event Center.
