Old Business:

Miracle League fall season had 69 athletes register. Two youth teams and two adult teams competed in a four-week season. The volunteers and the community support for this program was excellent and everyone had a great experience.

New Business:

Jon Shea provided a Miracle Park and Miracle League update: Fundraising continues for Phase 2. The priority of this phase will be another Miracle League baseball field. Other parts of Phase 2 include a fishing pond with a dock and an all-inclusive Play 60 obstacle course. Phase 3 will include the retail space that will focus on employing people with disabilities. Miracle League registration is being accepted through Feb. 18. The spring season will run March 12 – April 30. There is a batting clinic February 19 and a volunteer training session on February 24.

Camp Arc and Kinder Arc will be sending out the registration information in March and April. Rock Hill PRT will be hiring for many camp positions over the next few months
